

Record Crowds Enjoy Unusual Program When Dominion Day Celebration Revived

Elks-Canadian Legion Event Highly Successful; Fusiliers Make Hit With Fine Band; Already Plans for 1942

TREE-TOPPING AND CLIMBING THRILL CROWD AND DOZEN GIRLS MAKE BATHING BEAUTY CONTEST SUCCESS; LIFE-SAVING POPULAR

Unusual variety of the program proved popular with holiday crowds and there was a record attendance at the first annual Legion-Elks Dominion Day Celebration held on the Jubilee Grounds, Abbotsford, on Tuesday. Crowds arrived in the town long before noon and as the day advanced included a large proportion of visitors from the Coast cities and other Fraser Valley towns and districts. Home people and visitors alike stayed throughout the day as the program advanced from loggers' sports to Miss Fraser Valley Contest and on to the Pro Ree display and the aquatic demonstration by the Royal Life Saving Society of Vancouver.

Some say the crowds in Abbotsford have only been exceeded by the celebration staged at the opening of the large community hall that once graced the Jubilee park and it was agreed that the parade was one of the best ever seen in Abbotsford. As a preliminary event staged largely to test interest of Coast citizens in a country-town celebration, committee workers of both Branch No. 15 of the Canadian Legion and B.P.O. Elks No. 66, the sponsors, declare the response was unmistakable and plans are already being discussed to improve the 1942 event from the lessons learned this year.

Fred Holtsbaum of the Legion and Harvey Henderson, Exalted Ruler of the B.P.O.E., joint chairmen, issued a statement this morning expressing their thanks "to the many good people of the district for their kindly assistance in putting on the show." There were more trucks offered for the parade than time available to create floats, they said. They also praised the young women who participated in the Miss Fraser Valley Contest who "added grace, beauty and charm to the event of the day." In conclusion they said, "we did our best and from the experience and mistakes we hope to benefit in the future."

Matsqui Picnic And Sports Day Popular Affair

VALLEY MEMBER SPEAKS, FREE CONES, SPORTS, RED CROSS FUNDS BENEFIT

Annual Matsqui municipal picnic at Mount Lehman Park on Dominion Day was a happy and successful affair. There was the usual attendance for the basket lunch and get-together, popular since pioneer days, about the picnic tables in the tree-shaded and gardened park.

Big feature, as in past years, was the sports program for the children and speeches were kept to a minimum, principal ones being George Cruickshank, M.P., and Rev. Willan of Mount Lehman United Church, who spoke on the significance in these times particularly of Dominion Day.

Reeve James Simpson was the chairman and he expressed appreciation of the assistance of the women's organizations, the men who assisted in handling the sports program and others who helped in various ways to make the event a success.

Several rounds of free ice cream were distributed during the day through the co-operation of the municipal committee, organizations and merchants. Proceeds of the concessions, conducted by the Red Cross Units, aid Red Cross funds.

TEACHERS RESIGN

Resignation of two members of the teaching staff of the M-S-A Educational Area were received at the close of the term. Inspector A. S. Towell stated before leaving for Victoria this week, A. F. Stradiotti, popular member of the staff of Philip Sheffield High School, Abbotsford tendered his resignation as did R. Chester of the staff of Mount Lehman Superior school.

Contract for New Matsqui School Placed

WILL REPLACE SUPERIOR SCHOOL BURNED EARLY IN YEAR; IMMEDIATE START

On the basis of revised bids called when original tenders were found to exceed available funds, contract for construction of a new Superior school in Matsqui village was awarded last week to Contractor Robert MacRae of Mission. As reported in THE NEWS last week, when original bids were opened it was found that only two outside contractors had tendered and the Advisory Board authorized Inspector A. S. Towell and Architect Cullerne to revise the specifications and secure new figures from the contractors. The negotiations were completed Saturday with the announcement by Mr. Towell that the contract had been awarded at a figure of \$12,664.

The new structure will be erected on the north side of the Matsqui elementary school and facing on the highway. It will be of frame and stucco construction and include three classrooms, a small library adjoining one classroom and a workshop in the basement for practical arts instruction. There is also a teachers' room and small storeroom. Electric wiring and lighting is costing over \$1000 and heating a similar amount. Warm air heating with fan-driven circulation is being put in now but provision is being made for an automatic coal stoker to be installed later.

Accommodation provided is for 120 pupils although only about 90 were utilizing the temporary classrooms provided in the Community Hall after the original school was destroyed by fire on Feb. 23.

An immediate start on construction of the building was promised by Contractor MacRae.

SIXTEEN ADDITIONAL FAMILIES SUBSCRIBE TO "NEWS" IN JUNE

Names of sixteen new subscribers were added to the mailing lists of the Abbotsford, Sumas & Matsqui News during the month of June. This compares with nineteen additional families subscribing for their own copy of the local newspaper in May, and already three new paid subscriptions have been received to start off the month of July.

Local Theatre Is Remodelled Inside and Out

Attractive exterior of the recently remodelled Abbotsford Theatre is shown above but this is only half of the story because similar improvements have been effected to the interior appearance. As well as redecoration, new lighting has been installed in the auditorium and the owners, Wilfred Little and Cornelius Friesen, are awaiting arrival of new style theatre seats which will replace present equipment.

Taxation In Matsqui and Sumas Lowest In Whole Fraser Valley

SUMAS HAS LOWEST PER CAPITA TAX WHILE MATSQUI JUST MISSES LOWEST ACREAGE TAX

A "break down" of taxation data regarding British Columbia municipalities based on the latest Provincial Government blue book figures reveals that this Area holds one and almost both of the two most interesting records—lowest per acre tax and lowest per capita tax. Sumas holds the first-named distinction and Matsqui narrowly loses out on the latter.

Among a group of ten Fraser Valley municipalities the tax per acre ranges from \$5.72 down to 88 cents with Richmond having the top figure and Sumas the low one. Matsqui is lowest but one when the tax is calculated on a per capita basis. At the top is Mission, \$48.43, and at the bottom Langley, \$11.22, with Matsqui second last at \$11.44. Incidentally, Matsqui held this record the previous year, calculation based on 1938 data reveals.

Position of the others in the group of ten municipalities referred to in the Fraser Valley is shown in the following tables:

Tax Per Acre		Tax Per Capita	
Richmond	\$5.72	Mission	\$48.43
Delta	2.87	Delta	26.78
Surrey	2.32	Richmond	17.88
Mission	2.14	Sumas	16.93
Chilliwack	1.66	Surrey	15.44
Maple Ridge	1.62	Chilliwack	15.02
Matsqui	1.10	Pitt Meadows	14.80
Langley	1.08	Maple Ridge	12.79
Pitt Meadows	.93	Matsqui	11.44
Sumas	.88	Langley	11.22

STOLEN CAR WRECKED

Stolen when it was left parked beside the highway in Abbotsford on Tuesday evening, an automobile owned by Ted Webster was discovered in a badly damaged condition near Ross road intersection of No. 1 highway early this morning. It had been run into the ditch.

Special sizes were loaned by the makers of "Skin-Tite" bathing suits for the entries of the Junior Hospital Auxiliary in the Miss Fraser Valley Contest in Tuesday's celebration. The entries, little Yvonne Burnier and David Reid, both under 2 years old, made an instant hit with the crowd and photographers.

B.C. TO TURN CLOCKS AHEAD SUNDAY NIGHT

Daylight saving will go into effect as a war industry aid in British Columbia on a province-wide basis on July 7, Premier Pattullo has announced.

British Columbia will go all the way through next winter on daylight saving time and into next year—providing, of course, the war continues and nothing of a major nature happens to change the policy.

This was disclosed Friday when Premier Pattullo said the technical wording of the daylight saving order is being drafted to cover the balance of this year and "a time in next year." In other words daylight saving is in effect from midnight, July 6, until further orders.

EVEN THE DRAGLINE WANTED TO STAY ON "C" STREET PROJECT

Showing its reluctance to leave the job it started some time ago, the 38-ton dragline used by the Public Works Department to lay the grade for the "C" street extension crashed through the bed of the Lower Sumas road late on Saturday afternoon. Driver Cox of Vancouver was taking the monstrous dredge to the condensery spur line for loading when the roadbed collapsed and left the dragline sitting on the roadside with a 45 degree star-board list. Cox veered to the left of the gravel road to make easier the crossing of a hidden culvert which probably would not stand the weight of the dredge. The cave-in caused half-inch crevasses to appear out to the middle of the road. The accident occurred just north of Vye road.

Prowler Given Two Years For Sumas Robbery

ACCUSED IDENTIFIED TO COURT'S SATISFACTION BY REEVE AND MRS. HOUGEN

John Pashenko, 35, transient, was sentenced to two years in the penitentiary by Judge David Whiteside in county court at New Westminster Monday on charges of robbery with violence, breaking and entering and being found in a place by night with intent to steal. The sentences run concurrently.

Accused was tried as a result of entering the home of Reeve Alex Hougén of Sumas at 3 a.m. on February 6. Mrs. Hougén awakened and saw him in their room. Her scream awakened her husband. Accused threatened to shoot if they moved and then said "Let me go." He ran out, taking Reeve Hougén's trousers containing \$3.50 in cash.

Pashenko took the stand in his own defence and claimed it was a case of mistaken identity. The court held he had been well identified by Reeve and Mrs. Hougén. Additional evidence was given by Dick Blacklock and Const. J. Blezard. Accused admitted a long criminal record.

Scratching Gravel on Our Own Farms

"In homely terms it is then—what matter if, when this war is over, we scratch gravel, provided it is our own gravel; what matter if we find ourselves poor, provided our poverty is of that honest kind, the sharing of which invokes the true and equal dignity of man." These words were spoken by a great patriot, Robert Menzies of Australia, in an address broadcast from New York on May 13, 1941, when he urged the need for sacrifice on the part of every citizen of the British Commonwealth, in order that the cause of freedom shall prevail.

Scratching gravel is indeed a homely term, one readily understood by the farmer who "scorns not with sun-browned hands to scrape acquaintance with his lands." But, observes Leslie Emslie, editor of the C-I-L Farm News Letter, "Fortunate is the farmer who lives in a country where he can till his acres of his own free will and reap for himself and household the reward of his toil. To preserve this freedom is worth some sacrifice. How much it is worth is realized fully and bitterly by farmers of continental Europe, who have lost it and are now no better than serfs."

"The seriousness of this war to Canada cannot be over-emphasized. It is the duty of everyone to lend his full support, to back up to the limit the efforts of those who are fighting our battle."—Premier Hepburn of Ontario.

The Functions of the Press

This is one of a series of editorials specially designed to acquaint our readers with the various functions of the Press in a democratic community. Following is No. 6.

The Press and Propaganda

One of the ever-present dangers in the publishing field is the possibility of becoming a propaganda agency for some group or cause. Editors guard carefully against this possibility, and their efforts to be fair sometimes incur the displeasure of those whose propaganda they refuse to propagate. Of course there are two kinds of propaganda—good and bad. The word propaganda has been much abused in the past few years and to the man on the street, propaganda now seems to mean exclusively that type of news sent out by the enemy to confuse and confound those who read it.

Propaganda is actually the method adopted for the propagation of doctrines and principles, either religious or secular. If there is such a thing as good propaganda the question naturally arises, why does the newspaper not become a propaganda agency for all propaganda that is good? As a matter of fact, the newspaper does become such an agency in a broad sense, but not in just the way that some propagandists would have it. For instance, any religious sect might consider its propaganda good, and therefore entitled to space in the newspaper. An important factor is overlooked, however, in this reasoning. Propaganda espoused and supported by a newspaper must be of a type generally beneficial to the community as a whole. It would not be fair or ethical to use the propaganda of one church, where there are perhaps half a dozen churches in the same community.

Then too, there is often confusion in the minds of many people as to what is news and what is propaganda. For instance, an item relating to an actual event which took place in a church, or a lodge, or a service club would be news. On the other hand an item which sought to impress the reader with the principles or the doctrine of the organization would be propaganda. In short, propaganda is that type of newsmatter which seeks to proselytize or convert the reader to one particular code of ethics, principles or doctrine.

The position of the newspaper is clear on this point. The newspaper is representative of the whole community, and while its editor or publisher might be an Anglican, Baptist, Presbyterian, United Churchman, Roman Catholic, it would not be fair to give undue prominence to the doctrines of the sect to which he personally belongs. News is another matter. If more news comes from the United Church because it has more organizations, or because its press secretaries are more wide awake then naturally that church would receive more space in the paper than the Anglican or Baptist if those churches were not so well organized or did not possess good press secretaries.

Weekly newspapers depend to a very large extent upon correspondents and press secretaries for news items, and this being the case it is timely to remind correspondents and secretaries that the newspaper is interested primarily in the news, and not in acting as an agency for the dissemination of their principles. This reasoning, however, does not preclude the newspaper drawing attention to any special effort made by any organization or institution within the community.

To sum up the attitude of the press toward propaganda it should be clearly understood that the press is interested in the events concerning organizations, rather than the ethics or principles which attract one to membership in these groups.

"The American people have recognized the catastrophic quality of a totalitarian victory and by an overwhelming majority they have endorsed every step along the way of our present posture."—U.S. Navy, Secretary Frank Knox.

"Local government in Great Britain never had such a glorious vindication as during those last nine months when the Nazis have descended upon the island in their most savage fury and attempted to lam the life out of it."—Honorable Malcolm MacDonald, British High Commissioner.

'FORETASTE OF HELL'

Demolition of Hospital, Destruction of Shelter and Smashing of Homes Told in Letter from Plymouth

No better evidence of the failure of the German effort to "break" the British people by ruthless bombing of homes and hospitals is to be found than in the courage and determination to "win through" expressed in the letters received from the Old Country. The following is one of the most graphic of such letters received from English relatives or friends of M-S-A residents and offered to THE NEWS because of its great interest. While it gives more detail than usual of the ordeal which the Old Country is enduring it has been submitted to the Censor by THE NEWS and publication is permitted.

Plymouth,

April 6, 1941.

"We've just got to win and everyone is waiting for Mr. Churchill's speech tonight to give us additional hope and encouragement. Here—our town is now mostly ruins and business and shopping is continued away from the centre. 'Granville St.' and 'Hastings St.' are terrible to see and yet a great deal of business is carried on in the midst of the ruins. The Halifax building Society where I always go to pay for a few more bricks each month, had a beautiful office which always reminded me of the old Royal Bank, only it was a taller building and newer, but it was all gutted by fire bombs on March 10-11. Now you go 'thru a narrow passage by the derelict walls to a little wooden hut built at the back and there pay your accounts.

"Everywhere you go are streets and streets of houses without roofs or windows and there is hardly a street to be found that has not a pile of debris or brick rubble somewhere in its midst. Recently, they cleared away a block of flats and shops about one-half mile from here that had a direct hit January 10-11. They found the body of a soldier posted as missing since that night. He must have been passing by or sheltering when the block was hit.

"Oh, yes! It is surely tragic to walk 'thru' the towns of England, and yet it is marvellous that we do not suffer more inconvenience. The baker and the milkman still do the rounds, one's rations are always obtainable tho' it does seem that there is not much else. Jam is rationed now and we can only have one-half pound per person per month of jam, marmalade or syrup. Here are a few items which are now unobtainable: Currants, sultanas, coconut, tinned fruits, apples, bananas, pears, etc., ginger, fancy cakes (only plain buns and very plain cakes are to be seen in the shops). Sweets, chocolates and biscuits can be got occasionally if you are lucky, but it is quite usual to see a 'Notice' outside every confectioner's. 'No sweets, chocolates, cigarettes or tobacco.'

Photography is going off the market as there is no printing paper. Magazines must be ordered and all are very small. Eggs are scarce and we can only get 2 each week for a family; cheese is to be one ounce per week each. Sure, you bet we know there is a war on. If you were able to send a parcel I would ask for some demarara sugar, some seed for our canaries (unless we have to destroy them), some sultanas, a tin of syrup or a packet of Force. I used to give Lorian Force every day but it went off the market a long time ago.

HOME SMASHED

"We spent another long, cold night in the Shelter a week ago when I sat in a small chair with Lorian asleep in my arms from 9:30 p.m. to 4:30 a.m. while guns and bombs and planes turned the Peace of night into a Hell of noise and fire. We had a young couple and their little girl of 2½ years billeted on us at the time. Their little home had been smashed by a land mine on Good Friday at 3 a.m. Nearly 30 people were killed in that little incident and over 100 injured. There were many children, too, in the district—only 5 minutes walk from here. Here it is the end of April and except for one nice day, as cold and sunless as ever—I am longing for a bit of bright sunshine.

(Three of the writer's four children, 2 girls and 1 boy, have been "evacuated" to the country for the past year and 8 months).

"R (husband) is still somewhere in the Mediterranean—letter arrived yesterday (April 25/41) dated Jan. 19, so news is not exactly recent. He can't tell anything anyway and had had no news from home. Can you wonder that it is sometimes difficult to keep the 8th (Girl) Guide Law? Last week I wrote again to the Labor Exchange to volunteer for any war work where a children's creche was attached or for creche work. So far haven't heard anything, but may be sent for any time.

A TERRIBLE MESS

"Continued May 2nd.—I am glad I do not live in town (Plymouth)—it is ghastly down there. I went down on Monday to the Labor Exchange to find out if I

can work at munitions and take Lorian with me into billets. Sunday night we had had a real heavy raid and on Monday I had to walk to the Exchange from Town Station as the bus could not get there. It was a terrible mess and one seemed to be walking 'thru' a cloud of brick-dust. Everyone looked dirty and dusty. I ran up the stairs to the women's section and found the girls there working in a room with neither doors nor windows and when I looked out, I found that all the rest of the building was a mass of debris beneath which were several shelters. Rescue and demolition workers were still working furiously but there is no doubt many lay dead beneath that pile of masonry. From the window frame 'thru' which I was watching, I could see across two streets of which not a wall remained, and the terrible wreck which was our largest General Hospital.

DO ALL YOU CAN

"Such scenes have to be experienced to be realized but to me a visit to town seems like a foretaste of Hell. I long for my husband and my children every hour but I am glad he is away from it and I am sure it would be wicked to bring the children near it. Tell your Mother and Dad and anyone you know that every effort to help us is well worth while and deeply appreciated so carry on and do all you can. Here, we are more and more under war conditions and money seems to have no value except to buy shells or bombs or planes. The last of our Big Stores went last Sunday with all its huge stock so it is not surprising if goods gradually become more scarce. Still we'll keep smiling and win 'thru' in the end."

With intensified speed Canada goes full-out on the war.

Canadian Pacific Builds First Canadian Tank

It was a proud day for the Canadian Pacific Railway's Angus Shops at Montreal when D. C. Coleman, vice-president, announced a gathering of Government officials, company officers, workers and newspaper men that he had great pleasure in delivering the first Canadian-built tank to the Canadian Army. "The machine," he said, "is the child of sweat and tears. It will be followed by hundreds and thousands of others to help the Empire to its victory."

The tank was gratefully accept-

ed by the Hon. C. D. Howe, Minister of Munitions and Supply, who praised Mr. Coleman, H. B. Bowen, chief of motive power and rolling stock, and other Canadian Pacific men for the effort they had put into building this splendid war machine. He, in turn, gave the tank and all others to come off the Angus assembly line to the Hon. J. L. Ralston, Minister of National Defence, who thanked the Canadian Pacific workers for the fine job they had accomplished. "You men have put

your whole heart into this job," he said. He also mentioned that 300 of the thousands of tanks being made at the Angus Shops were being produced for the British Purchasing Commission.

The pictures above show Mr. Coleman officially delivering the first tank to the Department of Munitions and Supply and, inset, Corp. Colin Stirling, of the Royal Tank Regiment, a veteran of Dunkirk, complimenting an Angus worker on the construction of the tank.

HOG WEIGHING SCALE AVAILABLE TO FARMERS

Realizing the importance of live hog weights in relation to carcass value and quality, Production Service, Dominion Department of Agriculture has arranged to make available a specially designed scale for weighing pigs under farm conditions. The scale, with lifting device which is an essential part of the apparatus, may be obtained at cost price and should prove valuable to farmers who require suitable hog weighing equipment. The scale is a modified steel yard, with a beam length of 53 inches and together with the lifting device has a total weight of 42 pounds. The weighing capacity is 250 pounds net.

Live stock fieldmen of the Production Service, Dominion Department of Agriculture are located in each province. A letter to T. G. Stewart, 413 Which Building, Vancouver, B.C. will secure complete information as to price, nearest supply and condition of purchase.

RATE HEARING ADJOURNED

Hearing before the Board of Transport Commissioners at Vancouver of an appeal by Fraser Valley poultrymen for a lower railway freight rate was adjourned at noon Saturday, with the stipulation that supplementary evidence may be presented by either side within 10 days after transcripts of the hearing to date have been received.

MEN OF SERVICE

Stationed at strategic points throughout the Fraser Valley's farming area, these men, B.C. Electric agricultural representatives, are posted to render service to residents of their respective districts.

You should know your B.C. Electric farm representative. Make a point of meeting him. Each year the services rendered the farmer by electricity are becoming more and more apparent. Modern farms are electrically equipped, reducing labor and increasing efficiency and profit.

Your B.C. Electric representative can help you in these matters. He can show you where and how electricity can best serve you. He can show you a means to easy financing—and he understands your problems. An interview with him incurs no obligation, and it should benefit you in a very definite and direct way.

BACON REDUCTION OF 50 PCT. URGED

Hon. J. G. Taggart, chairman of the bacon board, said in a statement Sunday night Canadians could ensure the meeting of Canada's pork commitments to the United Kingdom by reducing consumption by 50 per cent.

He said information coming to the board during the past week indicated Canadians had responded "in a very definite way" to the appeal of last Monday to eat less pork products.

Alaska Cruise Delightful Holiday

The Trail of '98 that once taxed the energies of Alaska-bound prospectors, today has an alternative and more attractive route, served not by dog-sled, but by luxury steamships of the Canadian Pacific coast fleet, and following the sheltered "Inside Passage" between Vancouver and Skagway. These trim liners, whose sister ships ply the "Triangle Route" between Vancouver, Victoria and Seattle, and cruise the west coast of Vancouver Island, bring the "Midnight Sun" within three days of Vancouver.

Commencing May 2 and effective till Sept. 30, three smart "Princess" liners will conduct a series of 9-day cruises from Vancouver to Skagway, with a 33-

hour stop-over at the Alaskan port. The B.C. coast service will also operate three 11-day cruises to Alaska, allowing for side trips by rail and lake from Skagway to Lake Bennett, Whitehorse and West Taku Arm. The cruise liner "Princess Charlotte" will feature in these tours.

From comfy deck chairs, today's northbound nomad is treated to a moving pageant of majestic glaciers, towering peaks, and rock-bound fjords. Adventure waits at every port of call. Alert Bay, Prince Rupert, Ketchikan, Wrangell and Juneau follow in colorful succession, each with its weird array of totem poles and other symbols of Indian life.

Picturesque "Sunset Cruises"

along the west coast of Vancouver Island are also scheduled for the current season between Victoria and Port Alice. These popular cruises offer the passenger eight days of splendid coastal scenery with regular stop-overs at quaint Indian fishing villages. Two Canadian Pacific liners will be in "Sunset Cruise" service from June 1 to September 21.

Life on a Canadian Pacific coast vessel is fashioned after that of an ocean liner. Deck tennis, shuffleboard, morning bouillon, afternoon tea, horse racing, dances, moonlight promenades on deck, and midnight snacks all contribute to the joys of shipboard life on a Canadian Pacific "Princess" liner.

SEEK SUITS, BANNERS
The celebration committee requests girls who used demonstration suits in the Bathing Beauty Contest that had been loaned by Jantzen and Skin-Tite firms in Vancouver to please return them to the committee. Two recruiting banners used on floats have not been turned in yet and must be returned by the committee to Vancouver.

Mr. and Mrs. W. B. Holtsbaum and family of Provost, Alberta, are spending a holiday with Mr. Holtsbaum's mother.

Mrs. O. Graham of Vancouver spent the weekend with her daughter, Miss Margaret Graham.

Mr. A. Bourquin has returned from Nanaimo where he spent two weeks in a training camp.

Mr. and Mrs. A. H. Cumberworth of Grande Prairie, Peace River, have taken up residence on the I. Sprigg farm at Mt. Lehman. They are former residents of the district, having made their home here 26 years ago. In speaking to THE NEWS Mrs. Cumberworth remarked that "it seemed just like coming home."

Pte. Reed Cass left recently for a training centre in the East.

The Soldier's Comforts Club will meet in the Library on Monday, July 7, at 8 p.m. As the club has been organized for one year, election of officers will take place.

Miss Dorothy Leary is spending a holiday in Vancouver.

Mr. Hugh Stewart of Fanny Bay visited on July 1 at the home of his nephew, Ralph Gilmore.

Mrs. W. R. Waterston left on Tuesday for Niagara, Ontario, to join her husband, who is training at a military camp.

Mrs. H. Amos of Vancouver visited Mrs. E. A. Barrett on Dominion Day.

Mrs. J. H. Huggard of Sumas Prairie returned yesterday, having visited Mrs. J. Parton for a few days.

Mr. Jas. Anderson, Canadian Scottish, is visiting in town.

Miss Doris Baker is now employed in the Nelson Hardware.

Pte. R. J. Smith, Jr., spent the weekend at his home in Clayburn before he left for a training post in Eastern Canada.

Mr. and Mrs. Harry McKinnon of Vancouver spent the holiday in Abbotsford.

DOMINION DAY

(Continued from Front Page)

might think local enthusiasm inspires a description of the celebration, here is the account of a staff reporter of the Vancouver Sun as it appears in today's Coast editions:

BEAUTY QUEEN

The highlight of the day was a bathing beauty contest participated in by 12 girls from Abbotsford and the surrounding communities.

The winner was Violet Hay, pictured at the right, representing the Abbotsford Theatre, who was given a silver cup and the title of Miss Fraser Valley.

The runners-up were Audrey Langille, sponsored by the Canadian Legion; Mavis Henry, Daly's Stores; and Kay Webster, for the B.C. Electric Co.

Other competitors were Fay Hansen, Bradner; Patricia Penny, New Westminster; Shirley Baldwin, Kilgard; Jennie Donaldson, Abbotsford; Dorothy Griffiths, the M. C. Walker Red & White store; Eva Hay, Red Cross; Zelma Wademan, Union Local 138, Kilgard; and Nonie Gilmore, Marigold.

The judges were Miss Ferne Hughes, New Westminster; Gerald Heller, Chilliwack, and W. B. Holtsbaum, Provost, Alberta.

PATRIOTIC THEMES
A parade of decorated floats and cars caused great interest. It was headed by the pipe band of the Edmonton Fusiliers, stationed at New Westminster.

The Canadian Legion had a float depicting a number of veterans of the last war in a club room scene, with the slogan "The boys who did it last time."

It was followed by another float labelled "The boys who will do it again," in which soldiers and sailors in uniform predominated.

There was a recruiting float bearing the significant words, "We don't want to lose you, but we think you ought to go."

Prime Minister Churchill's message to America, "Give us the tools," was illustrated by a blacksmith shop in full swing, forging the implements of war that Britain needs.

"Hitler's Last Ride" was the title of another float, showing Hitler in jail with an armed sentry pacing outside.

CONTESTS
Demonstrations by loggers drew large crowds during the day. Sam Telosky, a former Haney boy of 24, from the Comox Logging Company's camp at Courtenay, topped a fir tree at 60 feet in workmanlike style. And then to show his versatility, he competed with four others in a tree-climbing contest, and ran up and down the tree he had just topped in 57 seconds.

A Buying Guide . . .

Before you order dinner at
a restaurant, you consult
the bill-of-fare. Before you
take a trip by motorcar you
pore over road maps. Be-
fore you start out on a
shopping trip you should
consult the advertisements
in this paper—for the same
reasons!

The advertising columns
are a buying guide to you
in the purchase of every-
thing you need—including
amusements! A guide that
saves your time and con-
serves your energy . . . that
saves useless steps and
guards against false ones,
that puts the stretch in
family budgets.

The advertisements in this
paper are so interesting it
is difficult to see how any
one could overlook them—
fail to profit by them. Just
check with yourself and be
sure that you are reading
the advertisements regular-
ly—the big ones and the
little ones. It is time well
spent—always.

Your Local Paper is Your Buying Guide

Avoid time-wasting, money-
wasting detours on the road
to merchandise value. Read
the advertising "road maps."

News Commentator Who Speaks From London to North America

Lindley Fraser is one of the
news commentators in the BBC's
North American Transmission and
is heard in programs rebroadcast
over the CBC National Network
from Britain. In addition to other
periods, Mr. Fraser is, at present,
heard Mondays and Tuesdays at
4:45 p.m. PST in Headline News
and Views.

He is the man who scooped
Wendell Willkie in England and
next day broadcast his message to
the German people. He was boy-
ishly pleased with having got an
exclusive under the noses of all
the pressmen. It was certainly not
bad going for a man who, right
up to the outbreak of war, had
but a purely academic career.

Lindley Macnaughton Fraser
was born in Edinburgh in 1904,
son of the late Rev. Norman Fra-
ser. A classical education culmi-
nated in his winning a Classical
Exhibition at Balliol College, Ox-
ford, where he was also President
of the Union. From Oxford he
went to Princeton, U.S.A., with a
Visiting Fellowship in 1926-27, and
journeyed on from there to the
Brookings Institution, Washington,
D.C., and took his Ph.D. The fol-
lowing year he took his Oxford
M.A. and from 1935 to December,
1939, he was Professor of Political
Economy at Aberdeen.

He is an outdoor type, burly,
genial, with tawny, crinkly hair,
and a zest for the life around
him. Since joining the BBC in

Lindley Fraser

1940 he has dropped the title of
Professor and confesses to having
'forgotten all about economics'. He
has become absorbed, instead, in
broadcasting news commentaries to
the German people. It is danger-
ous, however, to suggest to him
that he is the opposite number to
Lord Haw-Haw!

More than 800 Canadian soldiers,
sailors and airmen have been list-
ed as killed or missing since the
outbreak of the war.

One Canadian factory will soon
have the largest output of any
automatic-gun factory in the world.

Fresh Strawberries Have Appeal In Variety of "Smacky" Desserts

To make the most of a short season, strawberries should be used often and then it is worth while trying them in combination with other foods. The Consumer Section, Marketing Service, Dominion Department of Agriculture, suggests the following tested recipes:

Strawberry Custard Pie
3 cups strawberries
2 tablespoons flour
2 eggs
1 cup sugar
2 tablespoons butter
Pastry

Line a deep pie pan with plain pastry. Crimp the edges attractively. Cut berries in halves. Then sprinkle with $\frac{1}{4}$ cup sugar. Let stand half an hour. Beat egg yolks until light. Drain syrup from berries. Mix with flour. Stir until smooth. Add to egg yolks. Beat well. Add melted butter. Arrange drained berries in the pie shell. Pour custard over. Bake 20 minutes at 450°F. Reduce to 350°. Bake 15 minutes. Make a meringue with 2 egg whites stiffly beaten and half cup sugar. Pile in peaks on pie. Bake until nicely browned.

Bread and Butter Shortcake
6 thin slices buttered bread
2 cups strawberries
 $\frac{1}{2}$ cup sugar

Crush berries with sugar. Cut each slice of bread in four pieces. Cover bottom of a bowl with bread. Add third of berries, a layer of bread—alternate until all is used. Place a saucer over top. Press down. Let stand in refrigerator to chill and set four hours. Serve with cream.

Fresh Strawberry Pie
3 cups ripe strawberries
 $\frac{1}{4}$ cup granulated sugar
1 tablespoon quick tapioca
Pie paste

Line a pie pan with pastry. Sprinkle tapioca in bottom. Cut berries in halves. Sprinkle sugar over top. Dot with butter. Cover with rolled out paste. Slit to allow escape of steam. Bake at 425°F. for 10 minutes. Lower heat to 375°F. and complete baking. Fruit pies of this type are best if eaten within a few hours of baking.

Strawberry Fluff
2 cups boiling water
 $\frac{1}{2}$ teaspoon salt
4 tablespoons farina
2 eggs
1 cup strawberries
 $\frac{1}{2}$ cup sugar

Crush berries. Add sugar. Pour into a mould. Let stand half hour. Add salt to boiling water. Slowly add farina, stirring until thickened. Cook in double boiler half an hour. Pour hot cereal over well-beaten egg yolks. Cook 3 minutes. Fold in stiffly-beaten egg whites. Pour over berries. Cool then chill. Turn out to serve.

Strawberry-Rhubarb Appetizer
1 cup chopped rhubarb
1 cup sliced strawberries
 $\frac{1}{4}$ cup sugar

Mix together. Chill thoroughly and serve in cocktail glasses.
Strawberry-Pear Salad
1 cup fresh strawberries
1 cup diced canned pears
 $\frac{1}{4}$ cup salad dressing
Chill fruit. Mix with salad dressing. Serve at once on crisp lettuce leaves.

Fletcher-Cox Nuptials

St. Alban's Church, New Westminster, was the setting June 11 at 8 p.m. when Amy Patricia, daughter of Mr. and Mrs. Charles T. Cox, was united in marriage to Mr. Roy Rothwell Fletcher, son of Mr. and Mrs. R. J. Fletcher. Rev. N. J. Thompson officiated.

For the ceremony the bride chose a queen's blue ensemble with white accessories and a corsage of orchids, white roses and white sweet peas. Miss Dorothy Cox attended her sister wearing a honey beige ensemble with white turban and matching accessories. Her corsage was of pale pink and white roses.

Mr. B. W. Fletcher was his brother's best man and ushers were Mr. A. M. Fletcher, brother of the groom and Mr. G. M. Holtby, cousin of the groom. During the signing of the register, Mrs. Hughie Wray sang.

At the reception held in the church hall, the bride's mother, wearing flowered beige with white accessories, was assisted in receiving the guests by the groom's mother, who chose a navy sheer ensemble with white accessories. Mrs. F. Cox, aunt of the bride, and Mrs. Eva Booth, aunt of the groom, presided at the urns.

For her wedding trip to Vancouver Island the bride donned a honey beige coat over wedding ensemble.

Mr. and Mrs. Fletcher will reside at Kelowna. Mr. Fletcher is well known in the M-S-A Area, having recently been manager of the Overwaitea store in Abbotsford until his transfer to Kelowna.

England's First Sewing Machine Recalled by Abbotsford Resident

Hidden in the memories of Mrs. W. Edwards of Abbotsford are thoughts of the England of sixty years ago—and some more recent vintage. Mrs. Edwards, East Railway Avenue, other of Mrs. A. W. Webb, came to Canada as a girl some fifty-five years past and has returned several times to her Yorkshire home, one trip being made during the latter part of the World War. Mrs. Edwards well remembers the unconvoyed trip through the waters made treacherous by enemy submarines and having to register everywhere she travelled. Unlike residents of England then, Mrs. Edwards states she was able to buy all she wanted of food and clothing which were available and needed no ration card.

Another of Mrs. Edwards' memories is of the sewing machine used by her mother over sixty years ago, the first sewing machine in England. It was, Mrs. Edwards says, of the same design and principle as the modern, streamlined machines.

A "killing" machine was another of the treasures of Mrs. Edwards' girlhood. The device was the equivalent of those used today for "accordian" pleating and was run by hand with stove-heated irons.

Mr. and Mrs. Edwards have resided in Abbotsford for a number of years and are possessors of one of the finest flower and vegetable gardens in the town.

POUCE COUPE VISITORS ENTERTAINED AT DINNER

Arriving in Abbotsford on Friday from Pouce Coupe in the Peace River District, Mr. and Mrs. M. S. Morell were entertained at dinner that evening by Mr. and Mrs. A. S. Towell. Mr. and Mrs. Morell were friends of the Inspector of Education and his wife before their coming to Abbotsford where Mr. Towell became director for the M-S-A Educational Area.

Bright suit for summer.

By VERA WINSTON
Seersucker, one of the simplest and most utilitarian of summer fabrics, emerges in a series of good looking town clothes that are at home in the country too. Here's one of the line, a summer suit in striped seersucker in rose, wine, red and white. The stripes are horizontal on the little jacket which has a detachable white linen collar. It buttons snugly down the front, has a white leather belt, and two flap pockets at the waistline. The skirt is gored with the stripes running diagonally.

MARGARET ANDERSON

who was presented with a beautiful, inscribed Hymn Book by the Choir of Trinity United Church at its last weekly practice of the season on Thursday evening. Miss Anderson, who has been organist and leader, is severing her connection to enter the University in the autumn. Inscription in the hymn book presented with expressions of regret over her impending departure, reads: "To Margaret Anderson whose several years of service as organist in Trinity United Church, Abbotsford, has been a source of inspiration to the whole congregation." This picture of Miss Anderson was published last week in the P.S.H.S. "Consamannum" as a tribute to the popular student and high school pianist.

NO INCREASE IN PRICE OF SHOES IS ANTICIPATED

No general increase in the retail price of shoes should be expected in the next six months, according to a statement issued by Maurice Samson, Hides and Leather Administrator under the Wartime Prices and Trade Board.

A survey just completed of the manufacturing costs of standard lines of Canadian shoes for the fall trade shows that there has been little or no increase in factory costs over last year. Only a few men's lines will be higher prices for material and labor add five to fifteen cents to the manufacturing costs of a pair of shoes. Most lines of women's shoes show slightly higher factory costs but, in the majority of instances, the additional charges for materials and labor amount to less than fifteen cents a pair.

Salvation Army Headquarters Destroyed

World headquarters of the Salvation Army, in London, shown here, have been destroyed, according to word received in Toronto from General George L. Carpenter, world head of the Salvation Army, who, until two years ago, was stationed

in Toronto as commissioner for Canada. British national headquarters, opposite the world headquarters on Queen Victoria St., within a block of St. Paul's cathedral, also are reported demolished. The buildings housed the offices of 1,500

workers, but there was no loss of life. Many of the records kept there cannot be replaced. It is feared that supplies for soldiers and bomb victims, stored in the basement of world headquarters, may have been destroyed. The message did not give details.

EDMONTON FUSILIERS' PIPE AND DRUM BAND IS CELEBRATION HIT

Lieut.-Col. H. Strachan accompanied by Mrs. Strachan and their daughter, Jean, were interested spectators throughout the Dominion Day celebration here on Tuesday. Col. Strachan came up from New Westminster with the band of his popular regiment, the Edmonton Fusiliers, which added much to the interest and enjoyment of the day for the large crowds. The smart band of 28 pipers and drummers under Pipe Major Peden took part in the parade, marched and played on the grounds during the afternoon and also provided a band concert that kept the streets lined with crowds during the evening.

Here's How Free Citizens Do It

These are selective service troops of the United States army assigned to learn coastal defence with 12-inch mortars at San Diego. They are in the army because their elected Congress voted peace-time conscription. So great has been the speed-up in U.S. defence industry because the people have awakened to their danger that the free citizens of the great republic have accomplished in 10 months what it took Hitler's slave-nation two-and-a-half years to do, says the president of the U.S. Manufacturing association. Air Marshal "Billy" Bishop, visiting California plants, expressed himself "amazed" at U.S. aircraft production.

ABBOTSFORD LEMONS WOULD HAVE TO BE SOLD BY POUND

If Abbotsford-grown lemons were used, the old joke about one lemon to the bucket of water in picnic lemonade, might prove very sour. A sample of the local product is on display in the NEWS window this week.

The Abbotsford lemon stands 4 1/2 inches high and is 3 1/2 inches across, or if you want to run a tape measure about it, the figures are 12x11 1/2 inches. And on the scales at Black's Drug Store it balances at 12 1/2 ounces! This lemon was grown by Clarence Nelson at his home on McCallum road. The tree on which it grew wintered in the basement, was transplanted to a small greenhouse and more recently has been outside. Mr. Nelson also expects an orange tree to bear fruit shortly.

BUCKING CONTEST DREW 11 ENTRIES

Winner of the log bucking contest in the loggers' sports at the Dominion Day celebration was H. Erickson of Mission who cut through the 28-inch log in 2 min. and 40 sec. Second was A. Stor of Vancouver 2-53; third, W. Chaston, RR 3, New Westminster 2-58. Others competing were H. Baker of Mission, 3-6; S. Sayce of Courtenay, 3-32; S. Saunders, Mission, 3-46; S. Visnoski, Mission, 3-57; A. Cade, Mission, 4-25; T. Tereposky, Abbotsford, 4-30. Ben Sykes filed the saw. George Taylor and A. Lehman were in charge of the sports.

LIFE SAVERS GIVE FINE SHOW; DIVE, SWIM IN POOL

Three teams from the Royal Life Saving Society, Vancouver, participated in the aquatic demonstration given in the bathing pool as the closing feature of the Dominion Day Celebration, two of expert girl swimmers and a team of men. They demonstrated life-saving methods to crowds that packed every available vantage point and followed with a program of swimming and diving that won rounds of applause. Variety was added by clever comic swimming stunts by several of the men. Jack Lugrin, president, and Gordon Abbey, vice-president of the Society, were in charge of the party of thirty which carried its own P.A. system.

The cold drink and ice cream booth at Tuesday's celebration was in the hands of the Junior Hospital Auxiliary as a gratis expression of goodwill to the celebration committee.

PRIME MINISTER IS GREETED BY FRASER VALLEY MEMBER

George A. Cruickshank, M.P. of Matsqui greeted Prime Minister W. L. Mackenzie King when he arrived at Agassiz on Saturday night in the course of his present tour of the Dominion. The premier stayed overnight at Harrison Hot Springs where he made a brief address at a banquet there to 80 members of the American Legion, Post No. 1, Seattle. On Sunday morning he motored to Chilliwack where he attended service, at Cooke's Presbyterian Church, Rev. H. G. Funston, accompanied by the Fraser Valley member and Mrs. Cruickshank. Mr. King read the Twenty-fifth Psalm. He returned to Harrison and proceeded to Vancouver for the Coast tour which commenced Monday.

A sudden stoppage in the traffic on Dominion Day involved five cars in a series of collisions on No. 1 highway just east of town and one man in the fifth car sustained a cut on his head as a result of striking and breaking the windshield.

Certify victory with certificates.
